

Socorro Soccer Saturday

Fall Season is HERE!

New Season starts today. Referees needed, Coach training next Saturday.

It's been a busy offseason and ready or not it's time to play soccer. During the off-season we retired our old uniforms and bought new ones for all the players. The U5/6 players all have the same uniform color and we will use pennies during play. Having all the same color greatly simplifies buying uniforms for the younger kids. Speaking of the younger kids, we are using a

jubilee format for the U5/6 kids. This should better match abilities and needs of the younger children.

If you have issues or problems please talk to Wes. Please feel free to call him at 575-838-5135 before 9pm. He's the guy in the yellow cycling hat. Suggestions and comments about how to improve Region 364 are welcome, but be prepared to lend a hand.

MATCH DAY

Special thanks go to Kim G., Dorella, Enedina, Barb, Cindy and Kim L. for all the work they did during registration, team formation, uniform and equipment sorting. Thanks to Juan for helping layout the pitches. Without our wonderful volunteers AYSO soccer wouldn't happen.

You'll notice things are a little different with the U5/6 kids this fall. Nouradine

Benalil, an AYSO National coach, will be leading a "soccer jamboree" for those kids. We're feeling out this process so please be patient with us.

We're actively working to setup matches for the older kids U12/14 with the TorC, Belen and Las Lunas regions. Nothing firm yet so stay tuned.

Thanks to all the kids, parents and volunteers that make Soccer Saturdays happen in Socorro.

MATCH PICTURES

We'll be conducting picture day on October 3. Demetria Fenzi-Richardson will be at the park taking team pictures after their matches. More details to come.

REMINDERS

We'd like to remind parents there is no smoking at Sedillo park before, during and after our matches on Saturday. If you must smoke we ask that you do so at the parking lot. Thank You.

Remember if your child plays in the late match we ask parents to help us by moving the goals over to the storage shed by the ball diamonds. The U10 goals need to be placed in their cases, the U8 goals carried over to concrete pad. Someone will put them into the storage shed. Flags need to be carried over too. We ask the parents U5/6 boys to fold up the Pugg goals after their match. Thanks for the help.

REFEREES NEEDED!

We've had a some attrition in our referee ranks, so all the games may not be covered. Which means we need referees to give our kids that real game experience. We'll be having referee training on September 22 at 6pm at the Domenici Science Operations Center (NRAO).

WEB SITE

Book mark our website, www.ayso364.org to keep an eye on upcoming events in Region 364. We'll try and get the board minutes

posted there too. Suggestions and comments are welcome, but be prepared to help!

HELP WANTED

We're in need of a Field and Equipment Manager. Come join us now to learn the ropes. Got a knack for creative writing? We could use someone to write up our Soccer Saturday reports for the U8 and up matches for the local papers.

Looking for management experience? Volunteer as the Regional Referee Administrator, or Assistant Regional Commissioner! Learn the nuts and bolts of running an AYSO region.

SPECIAL THANKS

To all our great volunteers. Without you AYSO Soccer doesn't happen!
